

Overview

The **Manager Users** page manages tenant manager credentials used for tenant-level management access. Open it from **Configuration > Settings > Manager Users**.

The page works against the tenant currently selected in the top bar. The screenshots and demo rows were captured in the **Canistracci OIL** tenant.

Manager Users list page in the Canistracci OIL tenant.

Working with objects

Task	How to do it
Add	Select the New manager user action, complete the form, and select Save.
Edit	Open the manager user from the list by selecting its name, number, or row action. Change the form and select Save.
Delete	Select the row checkbox and use Delete Selected, or open the manager user and select Delete, then confirm.

Page functions

Action	Description
New Manager User	Opens the creation form for a new manager user.
Delete Selected	Deletes the selected rows after confirmation.

List columns

Column	Description
Username	Display name used in lists and references.
Password	Credential or PIN value. Treat it as sensitive.
Description	Administrative note shown in lists and reports.

Demo records

The tenant contains 1 documentation demo record for this page: docs_demo_manager_1.

Deleting records

Before deleting a manager user, check references from call flows, destinations, schedules, reports, or provisioning objects. MiRTA PBX asks for confirmation before the delete is submitted.
