

Overview

The **Digital Faxes** page defines internal numbers used for digital fax handling. Open it from **Configuration > Settings > Digital Faxes**.

The page works against the tenant currently selected in the top bar. The screenshots and demo rows were captured in the **Canistracci OIL** tenant.

Digital Faxes list page in the Canistracci OIL tenant.

Working with objects

Task	How to do it
Add	Use the grid add control to create a new digital fax number. Fill the row editor and save it.
Edit	Select an existing digital fax number row and use the grid edit control. Save the edited row.
Delete	Select one or more digital fax number rows and use the grid delete control, then confirm.

List columns

Column	Description
Number	Dialed value, identifier, or matching value used by the PBX.
Comment	Administrative note shown in lists and reports.

Demo records

The tenant contains 1 documentation demo record for this page: Docs Demo Digital Fax 1.

Deleting records

Before deleting a digital fax number, check references from call flows, destinations, schedules, reports, or provisioning objects. MiRTA PBX asks for confirmation before the delete is submitted.
