

Overview

The **Pickup Group Names** page assigns friendly names to pickup group numbers. Open it from **Configuration > Settings > Pickup group names**.

The page works against the tenant currently selected in the top bar. The screenshots and demo rows were captured in the **Canistracci OIL** tenant.

Pickup Group Names list page in the Canistracci OIL tenant.

Working with objects

Task	How to do it
Add	Use the grid add control to create a new pickup group name. Fill the row editor and save it.
Edit	Select an existing pickup group name row and use the grid edit control. Save the edited row.
Delete	Select one or more pickup group name rows and use the grid delete control, then confirm.

List columns

Column	Description
Group Number	Dialed value, identifier, or matching value used by the PBX.
Group Name	Display name used in lists and references.

Demo records

The tenant contains 2 documentation demo records for this page: Docs Demo Pickup 1 and Docs Demo Pickup 2.

Deleting records

Before deleting a pickup group name, check references from call flows, destinations, schedules, reports, or provisioning objects. MiRTA PBX asks for confirmation before the delete is submitted.
